

Epidemiology, Pathophysiology, Genetics	Primary and Secondary Osteoporosis	Diagnosis and Risk Assessment	Clinical Considerations	Socio-behavioral Medicine, Nutrition, Patient Education	Emerging Science	Technology
WEDNESDAY						
12:00 pm-3: 00 pm	Pre-Conference Seminar #1 Osteoporosis Diagnosis and Risk Assessment		Pre-Conference Seminar #2 Clinical Considerations: Therapeutics		Pre-Conference Seminar #3 Comprehensive Approach to Treatment: Education, Nutrition, Exercise	
4:00 pm-5:30 pm	Opening Reception in Exhibit Hall					
5:30 pm-7:00 pm	Plenary I Skeletal Health Across the Lifespan					
THURSDAY						
7:00 am – 8:00 am	Hands on DXA Workshop					
8:00 am-10:00 am	Plenary II Missed Opportunities in Osteoporosis Diagnosis and Treatment Falling Through the Cracks – Who Aren't We Treating? Panel Discussion					
10:00 am-11:00 am	Posters and Exhibit Hall Break					
11:00 am – 12:30 am	Plenary III Use of Imaging in Clinical Diagnosis Lectures and Debate: Monitoring Patients					
12:30 pm – 1:30 pm	Lunch, Exhibit Hall, Poster Tours					
1:30 am –2:30 pm Didactic Concurrent Sessions	History of Bone Mass Measurement	Clinical Management: Anabolic Therapy and Biologics		Improving the Bone Health of Today's Children	Hands On DXA Workshop	
2:30 pm- 3:30 pm	Posters and Exhibit Hall Break					
3:30 pm – 4:30 pm Didactic Concurrent Sessions	Case-based DXA Acquisition in Special Populations	Clinical Management: Therapy with EAAs/SERMs, ET/HT		Bariatric Surgery and Bone Health		
4:40 pm – 5:40 pm Didactic Concurrent Sessions	Musculoskeletal Imaging	Clinical Issues in Long Term Therapy		Nutrition and Nutraceuticals	Hands On DXA Workshop	
5:50 pm- 6:50 pm Interactive Concurrent Sessions	The Why and How of Precision Assessment	Exercise Prescription in the Real World	Choosing the Right Therapy for Your Patient	Evaluating the Medically Complex Patient	Case-based Secondary Osteoporosis	Using FRAX In Practice: For Clinicians

Epidemiology, Pathophysiology, Genetics	Primary and Secondary Osteoporosis	Diagnosis and Risk Assessment	Clinical Considerations	Socio-behavioral Medicine, Nutrition, Patient Education	Emerging Science	Technology
FRIDAY						
7:00 am – 8:00 am Interactive Concurrent Sessions	The Why and How of Precision Assessment	Exercise Prescription in the Real World	Choosing the Right Therapy for Your Patient	Evaluating the Medically Complex Patient	Case-based Secondary Osteoporosis	Using FRAX In Practice: For Clinicians Hands On DXA Workshop
8:00 am – 8:30 am	Exhibit Hall					
8:30 am-10:00 am	Plenary IV Panel Discussion: Making Sense of Guidelines in Everyday Practice					
10:00 am-11:00 am	Posters and Exhibit Hall Break					
11:00 am-12:00 pm	Oral Abstract Presentations					
12:10 pm-1:10 pm Didactic Concurrent Sessions	Obtaining and Incorporating FRAX Information: For Technologists	Premenopausal Women		Fractures, Fracture Healing & Vertebral Augmentation		Hands On DXA Workshop
1:10 pm-2:10 pm	Lunch, Exhibit Hall, Poster Tours					
2:10 pm-3:10 pm Didactic Concurrent Sessions	Reimbursement and Coding Issues Interactive Session	Managing the Frail, Elderly Patient		Resource Utilization for Patient Education		Hands On DXA Workshop
3:20 pm-4:20 pm	Posters and Exhibit Hall Break					
4:30 pm-5:30 pm Didactic Concurrent Sessions	DXA Pitfalls Stump the Expert		Subtrochanteric Fractures		Genetics	Hands On DXA Workshop
5:40 pm-6:40 pm Interactive Concurrent Sessions	Safe Movement and Fall Prevention	Case-based Compliance and Persistence	Case-based DXA Quality	Making Appropriate Referrals & Patient Follow Up	Nutrition and Digestive Issues Related to Osteoporosis	FRAX Role Play: For Technologists

Epidemiology, Pathophysiology, Genetics	Primary and Secondary Osteoporosis	Diagnosis and Risk Assessment	Clinical Considerations	Socio-behavioral Medicine, Nutrition, Education	Emerging Science	Technology	
SATURDAY							
7:00 am – 8:00pm Interactive Concurrent Sessions	Safe Movement and Fall Prevention	Case-based Compliance and Persistence	Case-based DXA Quality	Making Appropriate Referrals & Patient Follow Up	Nutrition and Digestive Issues Related to Osteoporosis	FRAX Role Play: For Technologists	Hands On DXA Workshop
8:15 am – 9:15 am	<p style="text-align: center;">Plenary V Public Policy and DXA Reimbursement National Action Plan for Bone Health</p>						
9:30 am – 10:30 am	On the Horizon: New Therapeutic Mechanisms			Assessment of Bone Strength: What do the New Technologies Tell Us?			
10:30 am-12:00 am	<p style="text-align: center;">Plenary VI Communicating Risk to Patients Panel Discussion</p>						
12:00 pm-2:00 pm	ISCD Business Meeting and Presidential Awards Luncheon						
2:00 pm-6:00 pm	Post Conference ISCD Courses
